ENHANCE YOUR ENTRY POINT
WITH SPLICE DESIGNER DOORS

splice[®]
PLY | LAMINATE | DOOR

Creating a world of Perfection and adhering to it is always at the core of Splice Ply. As it truly believes that being just a product manufacturer holds nothing if it's not created with conviction and perfection. At times when the world is adapting to new normal and getting competitive, one has to carve its niche with its unique creations and solutions. But this won't overnight or in a flash. This requires copious amount of commitment and adherence to uniqueness at every step.

SPLICE DOORS

INNOVATIVE TONES, TEXTURES AND MOODS TO INTERIOR SPACES

Splice brings together cutting edge technology and an unrivalled collection of stylish finishes. All our unique doors are created by engineering real veneers into a consistent grain and consistent colour that allows for natural variation within the doors. Each one has its own individual personality, ensuring that they are never identical.

They are gateways to the rooms in which we spend most of our lives - defining spaces with just as much individual taste and style as our choice of table, sofa, or window.

Splice is a range of doors made with this idea of more in mind. With veneers hand crafted and finished doors made in India, Splice doors are designed to bring more original ideas, more personality as well as more innovative tones, textures and moods to interior spaces
